TRUTH TRIUMPHS

Norway Citizens Testify for the Public Benefit

A truthful statement of a Norway citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine.

A Norway citizen tells of Doan's Kidney Pills.

Could you demand more convincing proof of merit?

John F. Sampson, prop., painting estab. 174 Main street, Norway, says: "I was feeling run down and miserable for quite a long time. I was tired and nervous and my kidneys didn't act regularly. At times the secretions passed too frequently and then again they were scanty. My head ached night and day. A friend advised me to try Doan's Kidney Pills, so I got three boxes at Stone's Drug Store. When I had finished taking them, the trouble left me and I have not been bothered since. I can certainly recommend Doan's Kidney Pills to anyone afflicted likewise."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sampson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

VACATION TIME

Some day when the whistle toots
I'll jump aboard a railroad train
And take a trip way down in Maine.
I'll stand beside the log-house grim
And watch the waves come rolling in.
And see the distant haze and foam
Or some good ship that's sailing home.
I'll stand and view the sights so queer,
The roller-coaster and the pier,
The sparkle of the ocean grand,
And merrily sunning on the sand.
Just rest a little now and then,
You'll be well paid, I tell you men;
I'll make you strong and cure your ills.
It's better far than doctor's pills.
You that drive the noble plow,
And honest sweat map from your brow,
And swing the sledge of toil and gain,
With weary soul and tired brain.
You of the work shop, young and strong,
Where hours drag and things go wrong,
Remember in the school of trade
Dull was the scholar who never played.
And you, who whom today are known
As housewives drudging around your home,
You with silver in your hair,
The fruit of sorrow, toil and care.
Let us sing and laugh and shout,
While we can see and walk about.
I'm sure that it will be too late,
When we pass through the Golden Gate.
Just watch the frolic and the throng,
And take a swag of something strong,
And catch the breeze fresh from the sea,
Vacation time is the time for me.

SOUTH ALBANY

School Reunion

The school reunion at the Dresser schoolhouse was a very successful and enjoyable time. The schoolhouse, which is one of the prettiest and best in town, was very prettily decorated with evergreen and flowers of many kinds. The teacher and pupils with the help of some of the men in the neighborhood had cleared away the underbrush among the pines across the road and built seats and tables for the guests. The forenoon was spent in social talk and glad greetings among those who were friends here so long ago.

At noon about 50 sat down to the well filled tables and each one did their best to lighten the burden. After all were satisfied, we listened to a very eloquent speech by Lafayette Briggs of South Paris, by which we were enjoined to be good American citizens and several other things delivered in Mr. Briggs' well known manner. Then we returned to the schoolhouse where games were played by the "boys and girls" until 2 o'clock when all were called to listen to the program by the teacher and pupils of the present school which was as follows:

Song, "America"..... Hazel McAllister
Rec., "Widow"..... Harold Canwell
Rec., "Bill's in Trouble"..... Della Holt
"John Brown's Baby"..... Grades 2, 3, 4
Rec., "Psalm of Life"..... Della Holt
"The Trying Place"..... Janis Brown
"Praying for Shoes"..... Marjorie Canwell
"Around the Mulberry Bush"..... Grades 2, 3, 4
Rec., "My Sister"..... Donald Browne
"Little Brown Hands"..... Edith Canwell
Song, "My Old Kentucky Home"..... All
Rec., "Pat's Confederate Pig"..... Della Holt
Rec., "My Pet Bunny"..... Theodore Brown
Rec., "Two Spiders"..... Marjorie Canwell
"Farewell"..... School
Rec., "Johnnie's Dog Tige"..... Della Holt
"Farewell to All"..... Janis Brown

In the flower contest for term Junie Browne was first with 157 and Della Holt, second, with 137.

Visitors from out of town were: Mr. and Mrs. Lafayette Briggs of South Paris, Charles Briggs of Thunderbolt, Ga., Mr. and Mrs. J. W. Dresser, Rex Sessions, Mrs. Nora Abbott, Mr. and Mrs. Ernest Grover of North Waterford, Mrs. Arthur Millett, Howard, Elizabeth, Sylvia and Elsie Millett of Waterford. Mr. and Mrs. J. W. Dresser and Mrs. Ernest Browne were all the former teachers of the school who were present. James Kimball was the oldest pupil, and was also a former supervisor of the schools in town. W. I. Beckler was also supervisor for several years.

It was a very pleasant day and an unanimous vote was taken that we would all meet there next year if possible. A vote of appreciation was extended to the teacher, Nina Briggs, for her efforts to make the day successful. Remarks were made by Irving Beckler, J. W. Dresser, and Charles Briggs responded to the request for a speech by an address on various topics which was enjoyed by all.

SWEDEN

The shower Saturday afternoon and night was welcomed by all, it did lots of good and everything put on a different look. Artie Plummer of Bradford, Mass., just paid a short visit to his old home, the Plummer homestead in Sweden. He loves to get back and see the old friends who are left, most of the older ones have passed along, but he likes to get out into the woods and look around where he used to hunt and fish when he was a boy. Thursday, he said to his brother, Enfield, "Come on, En, let's go down to the old meadow. I haven't been there for years." So off they started the little Spanish dog, "Guess" went along with them. They went in front of the old barn, about ready to start for home when they heard the dog bark only a short distance away. They thought he had found a hedge hog, so went out where he was in a clump of alders and there, to their surprise, lay two little baby deer that had just arrived in town, as they couldn't stand alone. They picked them up and played with them a few minutes, then laid them back and walked away. They didn't see the mother, but no doubt she was very near them all the while. Wendell Plummer went to the place that night and they had gone. Nettie Richardson came from Mechanic Falls Sunday, her brother, Marcellus Durgin from Fryeburg, brought her home.

Mrs. Dora Reed visited in Lewiston, Wednesday and Thursday. Mrs. Pearl Farrington visited relatives in West Paris, last week. Edward Perham is home from University of Maine.

The campaign for the establishment of a central purchasing agency for Maine farmers is progressing most satisfactorily, over 50 per cent. of the required capital being already pledged. In the opinion of those most interested in the movement a meeting should now be called to incorporate and perfect a temporary organization. Such a meeting will give the local organizations that have already shown their interest in the movement an opportunity to express their wishes as to the best method of raising the balance of the required capital, securing a manager, selecting a location and working out such other details as may seem necessary in anticipation of the coming fall and winter trade. A meeting is called for the above purposes at the State House, Augusta, on Friday, June 24, at 10 A. M. Standard Time.

OWL'S HEAD CONTROVERSY

In the 1921 Legislature there was presented a bill to set off the town of Owl's Head from the town of South Thomaston. The matter was exhaustively considered by the Committee on Towns, and debated on the floor of both branches of Legislature. As a result the bill to divide the town was passed by a substantial majority. A group of South Thomaston enthusiasts are attempting to invoke a referendum on the matter and are out to secure 10,000 signers on a petition. Citizens of Owl's Head interested in abiding by the decision of the Legislature, believe the move for a referendum is an insult to the state executive body and a misuse of a just election law. A special election would mean unnecessary expense to the state, and according to Owl's Head committee probably 99 per cent of the voting population in Maine have no interest in the matter. Their voting would be absolute guesswork. Petitions for referendum are in circulation. Every voter should decide whether or not small town controversies of this nature should be made a state wide question, involving municipal expense, and guesswork or indifference at the polls.

AS SHE SEES IT

Had I my life to live over again and a man were to pop the question, I think I would pop a few myself, one of which would be if he thought he could do his personal share in keeping up a home. We are hearing a great deal, nowadays, about a woman learning the homemaking business, but men simply shrug it. They talk of leaving the women to struggle with the screens, pound their fingers fixing the doors, saw their dresses trying to put up that shelf they have wanted so long. Men grow poorer home makers every year. Why shouldn't a man know how to fix a chair or make over a screen as well as a woman know how to patch a shirt or darn stockings? Keeping a home isn't just earning some money, if it were let's all go to it and stop struggling along alone. Were I a judge I would give any woman a "bill of divorcement" that had to lug her home alone. —Housecleaning and Nerves.

The Lure of BIRTH STONES

JUNE
To have been born in June is to wear the pearl as a birthstone. A necklace of pearls is accredited with goodness of drawing to one as many friends as there are stones in the necklace. In the Arabian Nights Prince Persia gave his sister Peri a necklace of pearls that are like unto moons chained with rays of silver. To have a June birthstone is to have the pearls of life in one's hand. So long as the pearls move on the chain, all is well, if they stick, I shall be in dire need of them.

MY DAYS AND NIGHTS IN THE HOSPITAL

No. 12, the Last

I became very anxious to get home during the last three weeks of my stay in the hospital. At times I was considerably wrought up over it. The long afternoons alone tried me exceedingly, but notwithstanding this I put the doctor off from removing the appendage for three days, for I wanted to be sure that the incision had healed. I was led to this decision by a remark made by "Governor" Mill, when dressing the incision one afternoon. While examining it carefully, he said more to himself than to me, "It's good up, all right, and I think it will hold, but I wouldn't gamble on it."

On Wednesday, the 26th day of January, having returned from performing an operation out of the city, Doctor Mitchell came into my room at his usual hour of calling in the forenoon. As he greeted me and asked how I was, he inquired if I was ready for the test. I answered, "Yes, Doctor, you consented to put this off to please me and now I'm going to do just what you think best." "All right," he said, "then I'll remove the appendage," and he did so. I had become pre-ty well satisfied the day before that the test would be successful and wrote home that if it was, I would send a telephone message. Wednesday evening, I asked the Doctor then if I could go home on the next Friday if everything worked well, and he said I could if I felt that I could stand the journey so soon. My desire to get home gave me much courage and strength. I knew how anxious the folks at home would be to see me. The doctor was much pleased on his usual call to find me in such good spirits and so nearly ready to leave the hospital. He did not countermand my sending for my car to take me home the next day. How eagerly I watched the sky and the clouds after the sun went down. Soon I saw a bright star in the Eastern heavens, and faithful boy will come in the morning for me. My nurse ran up the curtains to the window, and I might see the star as long as possible. I watched it a long time from my cot. It was the star of hope. At last I fell asleep and dreamed of home and loved ones. The sun rose in a cloudless sky the next morning. It was for me another "Sun of Austerlitz." The weather was mild and pleasant. It seemed to be made especially for me. The boy was on time and I was happy in getting ready for home. I bid the doctor good-bye at his usual hour of calling, with a thousand blessings in my heart. He is a great surgeon, a tender and sympathetic man, I could never put such trust in any other physician. A taxicab took us to the station.

We reached home about four o'clock in the afternoon. My joy was indescribable. It was paradise. The flag was out in honor of my homecoming. I have been steadily gaining in strength and am now (May 2d) able to be in my office and attend to some business, but I will be many weeks, however, before I am thoroughly recovered. The sea breezes of Casco Bay this summer ought to do wonders for me.

I have got over the hungry feeling I had on coming out of the hospital. Jay is one of the best of cooks and I grew fat during the five weeks we were with her. Since then I have looked after the food at home, and even wheeled in the wood (a little at a time) which was in the yard, and brought the spring water we have used from the spring near the mill. My hospital experience begins to seem like a dream. I was strong and brave and could stand almost anything at first, but was weak and feeble at last and could stand scarcely anything. Strength of body and mind is fast coming back again. Some things I shall be glad to forget, but the kind and tender sympathy I have received during my affliction will bear fruit and never be forgotten.

Hail returning health and strength! I feel a new life. Mild winds that come, Bringing the fragrant flowers, Tell of warmer times and happier hours, To glide silently away Beneath the balmy skies of June and May. C. F. Whitman.

Sketch by Mrs. A. E. K. Grover

Every new place to me is always full of interest, and I want to say a few words of Winthrop. Pond Town was its first name, and was part of Plymouth Grant or Kennebec Purchase. Among the names of the first settlers we find Scott, Foster, Bishop, Fairbanks, Stanley and Pullen. The first crops were raised on 'barren land which yielded a goodly amount of corn.
Pond Town was incorporated by the name of Winthrop the 26th of April, 1771, also Hallowell, Vassalborough and Winslow being the first towns in what is now Kennebec County. The hardships that the first settlers endured seem almost incredible in these days of luxury. The first meeting house was built in 1774. No trace is left of it. Some of the scenery is surpassingly beautiful. Lake Maranacook (Mary-nocook), Annabascocook (Anna-best-cook) Cobscookcook are waters of great beauty. But the world is not so wide. Just think, we met relatives of friends in Norway, Oxford, Bethel and many other towns in the good, old home county of Oxford, and we are often asked, "Did you ever hear of or know so and so from Greenwood, that used to live in Albany and later moved to Harrison?" "Course we do. Why that's what we belong to the Grange for, to know people, and help the good work of co-operation."
We are just now watching the erection of the new Bailey Oil Cloth factory, which is to be an up-to-the-minute plant. This industry has been carried on by the Baileys for over a hundred years.

THE TRUTH
The greatest need of the present time is for men; men that are honest, men that are true, men that their word is as good as their bond; men that are willing to earn their wages, whether they be much or little; men that can say no when it is necessary and stick to it. A willing worker is a successful one. The man that shirks isn't wanted in any capacity in this hard working world.

EAST OXFORD

Frances Adams, the Evangelist, who has been holding meetings in this place the past two weeks, closed her labors Sunday evening, and starts for Scotland, Friday, for a three months' vacation with her mother and sisters.

Mrs. Ermina B. White of Lisbon Falls spent the week-end with her sisters, Mrs. Edwin O. Sands and Mrs. Floyd Fulton. A meeting will be held in the school-house in the Caldwell dist., Sunday p. m. at 2:30 o'clock, the pastor of the South Paris Methodist church presiding. As much interest is shown they plan to hold meetings each Sunday afternoon through the summer.

Mr. and Mrs. Wm. E. Morse are visiting relatives at Hartford. Russell H. Howland and Mrs. Agnes Benson, who are traveling with Lone Star Wild West Show, were at their respective homes for a short stay, the first of the week.

Mr. and Mrs. George H. McKean, who have been with the Wild West Show for several weeks, are at home for the summer.

SOUTH WATERFORD

Bear Mountain Grange

Bear Mt. Grange, No. 62 met in regular session Saturday evening, June 4, with Worthy Master E. K. Kilgore in the chair. After the regular work, the Worthy Chaplain elect, W. K. Hamlin, was installed with Worthy Lecturer, C. S. Hamlin installing officer.

On account of a long illness, Bro. W. K. Hamlin has not been able to attend the meetings since last fall and everyone was very glad to have him once more with us. Both he and Sister Hamlin have been greatly missed.

An entertainment consisting of songs, readings, etc., was given and remarks, readings, etc., were given and much enjoyed. After the meeting there was a social half hour with a treat of homemade candy furnished by Sister Grace Hilton. The next regular meeting will be Saturday evening, June 18th. It is hoped there will be a speaker from away.

THAT'S the way a New Perfection Oil Cook Stove does it with the New Perfection oven. And together they bake pies, cakes and cookies the same way—evenly.

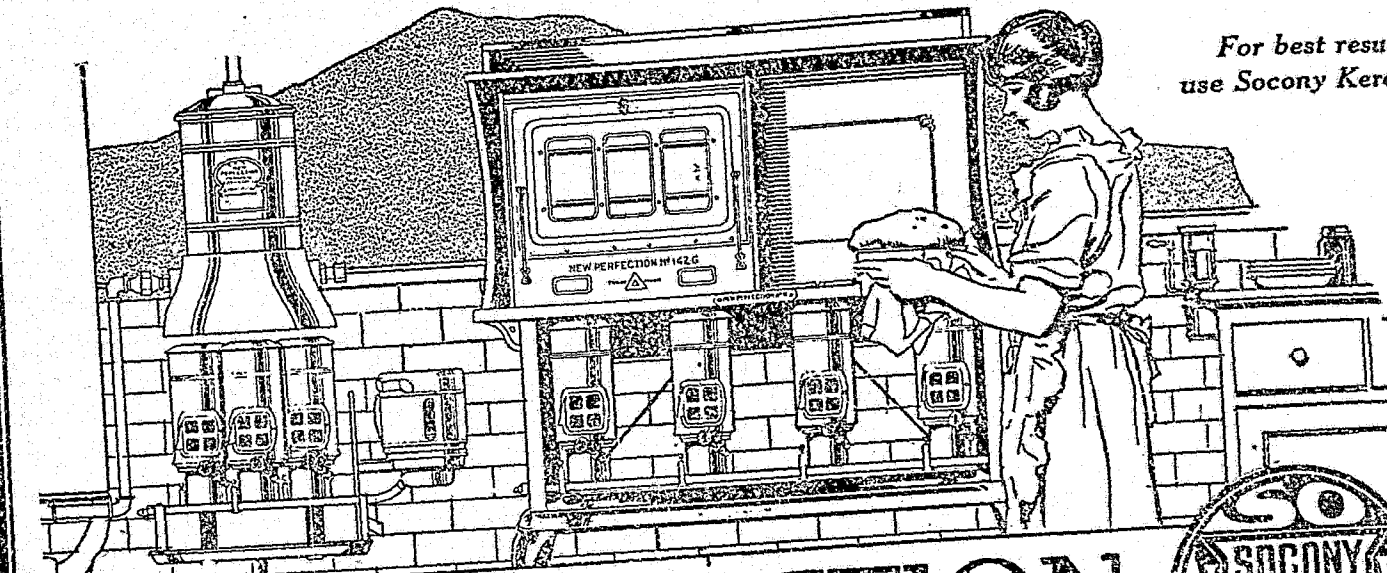

no ashes to take out, no fuel wasted. Over three million housekeepers are already using the New Perfection Oil Cook Stove. You can control your fire so much more easily and accurately than with the old range.

The New Perfection Water Heater is another modern convenience for housekeepers. Supplies ample hot water for all household needs at a trifling cost. Strong and durable—will last many years.

The cook stoves are made in two, three and four-burner sizes, with or without warming cabinet; also in one-burner size with no cabinet. Ask your dealer to show you how simple they are to operate and take care of. Sold by leading hardware, department and general stores everywhere.

Then too, it's so easy to get up a roasting or baking heat with a New Perfection, quickly. Turn the wick up full until the flame has white tips—they furnish the most heat. And the long blue chimney drives it into the oven—you don't make the whole kitchen unbearably hot.

It's no bother to cook with a New Perfection. No wood or coal to bring in, no coal dust or litter to sweep up.

An Announcement by The Studebaker Corporation of America

Eight months ago, when the costs of material and labor appeared to have reached their peak, we made substantial reductions in the prices of Studebaker cars. These reductions were in anticipation of our ability, after the turn of the year, to purchase materials and fabricate them at lower costs.

The expected savings have been realized. With them, other savings have been made, as a result of the greatly increased volume which Studebaker has this year enjoyed.

During the first five months of 1921, our volume of business has exceeded that of any other automobile manufacturer except Ford.

The Studebaker plants are running at capacity with

unfilled orders on hand for over 7,000 cars.

In this quarter we shall produce 21,000 automobiles against 11,000 in the corresponding period of last year. This is an increase of approximately 100 per cent.

No other automobile manufacturer is making a comparable showing.

We believe that the confidence of the buying public, which has made and is making this record possible, will continue, because it is supported by the quality and value of our products, and these we shall uphold.

We expect that as a consequence the present economical and efficient production basis can be maintained and that we are justified in making further reductions in the prices of Studebaker cars.

BATES—WEST PARIS

Hill-McAllister

A wedding occurred, Tuesday, June 14, at twilight, at the home of H. D. McAllister, when his only daughter, Marjorie, was united in holy wedlock with Herbert E. Hill, only son of Mr. and Mrs. F. H. Hill of West Paris. Marjorie was a graduate of West Paris High class of '19. She has since spent some time in Portland, receiving voice culture. Herbert is also a graduate of West Paris High, class of '18. He has since taken a short course in Gray's Business College in Portland. They are taking a honeymoon vacation at a nearby camp. On their return they will make their home on High street, West Paris.

The immediate families were present at the ceremony. Many congratulations and a long life of happy usefulness are the best wishes from their many friends.

The double ring service was used. Ethel C. Flavin was bridesmaid and Raymond E. Chase was best man. The bride wore a gown of white crepe de chine and carried a beautiful bouquet of sweet peas. The bridesmaid also wore a white crepe de chine dress. The room was decorated with evergreen and June roses. An arch was made of the same under which the bridal party stood.

The bride's gift to the bridesmaid was a sterling silver brooch and the groom's gift to the best man was a pair of gold cuff links. At home after July 1.

Funeral of Mrs. Hattie B. Lyon

The funeral of Mrs. Hattie B. Lyon, who died early Friday morning, was held in her late home on Pioneer street, Saturday afternoon, at 1 o'clock. Rev. H. F. Aldrich officiated. She was Hattie Tyler of Grafton and was married three times. Her first husband was Mr. Hutton and two children were born to them, both dying in infancy. Her second husband was Wm. C. Mooney of West Paris, where she resided until his death; after which she had the old house moved and a new three story dwelling put upon the old site which is known as the "Willows" on High street.

For several years she spent her winters in Florida. There she met and married S. J. Lyon, who survives her. About three years ago she sold the Willows to Henry Heikkinen and went to live with or near her stepson, Frank Mooney, in Island Falls. But that place did not seem like home to her, so they returned here a year ago late in the winter and after a few months bought the Elmer Marston house on Pioneer street, where she has since lived and died.

While in Florida she owned a place there. She was 76 years old, a member of the Methodist church and has many friends. The interment was in Riverside cemetery, Lewiston, beside her first husband and children.

Arthur T. Flavin of New York was here to attend the graduation of his sister Ethel and is spending a week with his people.

Mrs. Diana J. Wall-Pitts of Louisiana came to attend the graduation of her Freshman class and spent a few days in the Flavin home.

Mr. and Mrs. Allan E. Cole and four children of Gorham, N. H., were here to attend the graduation of his daughter, Hazel I. Cole.

On June 4 the West Paris High sent five men to the Inter-scholastic track at Bates College. They won 15 points and Kennethport 16 points. Proctor won a bronze medal for broad jump, Dane, a silver medal for shot-put and Chase a gold medal for 600 yd. dash done in 1 minute 32.5 seconds. The relay team consisting of H. Briggs, Bane, Proctor and Chase, finished first and won a silver cup.

Mrs. M. S. Butler went, last week, to the C. M. G. hospital for an operation.

Mrs. E. J. Mann went, Sunday afternoon to C. M. G. hospital for an operation.

Mrs. F. S. Farnum went to Lewiston, Monday, and had her throat operated upon. She returned, Tuesday afternoon.

Mr. and Mrs. L. L. Dunham of Brattleboro, Vt., have been visiting his brother, H. W. Dunham.

We had Memorial exercises, Sunday, May 29, at Grange Hall. Four only, old veterans sat upon the platform. World war veterans were present in a body wearing their uniform. The address was given by Rev. H. A. Mackley and was full of memorable instances and quotations from our greatest statesmen of those critical times which were very interesting. There were three recitations by Simeon Farr, Edward Stillwell and Marjorie Parr. The music was given by a Male Quartette, who were Sidney Brown, 1st tenor, West Sumner; Clayton A. Churchill, 2nd tenor; Dana Grover, 1st bass; John E. Brock, 2nd bass, with Mrs. Grover to accompany them. They sang, "Tenting on the Old Camp Ground," "The Vacant Chair," "Long, Long Trail" and "America."

Memorial day, a company of veterans and school children marched to the cemetery and decorated the graves.

Fred Smith and family have moved onto the farm owned by Bert Lang.

Herman Lematti, who lives on Curtis Hill, was seriously hurt Monday morning, while coming down Churchill Hill.

He lost control of his car, which ran into the ditch, turned over and pinned him under it. George Swan, who happened near, helped him out much bruised and hurt.

SUFFERED ALL A WOMAN COULD

Mrs. Meyer Finally Found Relief and Health in Lydia E. Pinkham's Vegetable Compound

Orange, Cal.—"I always feel very grateful to you, as some twenty years ago three doctors said I had to have a serious operation. I had a tumor, and ulcers which would gather and break. I had displacement so badly that I could hardly sit down at times, and it seemed as if I suffered everything that a woman could suffer. Then some one advised me to take Lydia E. Pinkham's Vegetable Compound, and I took it until I was cured and saved from the operation. I have told women of my wonderful medicine times without number, and I am willing that you should use these facts and my name if you like. I also used your Compound during the Change, and I can do all my own work but the heavy part, and can walk miles every day as I help my husband in the office."

—Mrs. J. H. Meyer, 412 South Orange St., Orange, California.

It is quite true that such troubles as Mrs. Meyer had may reach a stage where an operation is the only resource. On the other hand, a great many women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

Norway Gathering at Franklin Park
Last February, four former Norway ladies got together and knowing there were lots of former Norway people residing in and around Boston wrote a list from memory of about 165 names and conceived the idea of a get-together meeting. Not knowing the address of many, they sent a notice to your paper, and the result was 90 attending, partaking of a picnic lunch and renewing old acquaintance.

The idea was general to form a Norway Club in the near future. Everybody present were strong in their loyalty to Norway and it will be of interest to look over the list and see how many your readers know. W. L. May Have Home Demonstration-Agent
On account of the interest shown by the women of Norway, the town is fortunate in being among the four towns which may have the services of a home demonstration agent this year. County Agent Lovejoy went before the Grange last Saturday and outlined the manner in which the women would have to become organized as members of the Oxford County Farm Bureau, if they were to have the agent.

There must be at least ten members who will pay for the remainder of this year, dues of one dollar each. A temporary committee, consisting of Mrs. H. A. Knighly, chairman; Mrs. C. L. Delano, secretary; and one other to be selected by these two, was chosen. This committee will secure the necessary members.

As soon as November, three other towns are organized the agent will be available. This will probably be early in July.

Through an appropriation by the state legislature, full time home demonstration agents become available to five counties this year. As soon as time to four other counties. By next year there will probably be available to Oxford County a full time worker.

Mr. and Mrs. Burton A. Shaw have returned from their wedding trip to Montreal and Thursday went to their new home in Sanford.

Mrs. Grace Richardson Carroll of East Fryeburg is visiting her aunt, Mrs. Annie Sampson.

The stated convocation of Oxford Lodge No. 18 F. and A. M. will be held Friday evening with work in the M. M. degree.

Geord McDonald of Boston has been in town several days visiting his brother, William McDonald who has been ill with fever, and although he is somewhat better, is not gaining fast.

AID AMERICANISM

A warning against un-American tendencies of school boys and girls was sounded by a Maine superintendent in a recent address to 400 students of the high school and upper grammar grades. He called upon them to stop over-indulgence in dancing, "joy riding" in automobiles, attending too many picture shows and the tendency on the part of the girls in "dolling up their faces and figures and bobbing their hair." He also urged the boys to see more of American life than loafing about street corners, smoking cigarettes, indulging in pool room practices, dodging work and shunning responsibility.

A Mother's Experience

West Buxton, (Me.)—Read of Mrs. Arthur Campbell's painful experience: "I am a mother of five children. My little girl 2 years old was so sick with fever she lay just as if she were dead for two weeks. I started giving her Dr. Elixir and she began to gain at once. Now I would not be without it. I feel very grateful to you."

No doubt this child had some stomach trouble due to worms. Scores of children have worms and their mothers don't know the trouble.

Common symptoms of worms: Drenched stomach, swollen upper lip, sour stomach, offensive breath, itching of the nose and rectum, dry cough, grinding of the teeth, little red points on the tongue, sleep fever.

Dr. Elixir has been faithful in its duties as a family Laxative and Worm Expeller since 1851.—adv.

School Picnic

Friday, June 10, was the last day of school in the Prince District. Miss Pride, the teacher, and her pupils, planned a picnic and invited the mothers and younger brothers and sisters to go with them. There were forty-four in all, who went through the fields into Bennett's pasture and ate their dinners and spent a social time under the big maple tree. The picnic dinner was fine, consisting of salads, sandwiches, pickles, cakes, cookies, doughnuts and lemonade.

The first and second grades entertained the company by singing some of their little songs. Mrs. Turner had her camera with her and took snapshots of the school, also of the whole crowd. Everyone voted a good time.

Miss Pride went to her home in Waterford, Sunday. All are hoping to have her back in September for another year.

An auto party went from this way to Woodstock, Sunday.

OXFORD

The graduation exercises of Oxford high school will be held Friday afternoon, at 2 o'clock. In the evening at eight o'clock there will be a concert followed by dancing at 9 o'clock, with music by Pettengill's Orchestra.

Nearly one-half of one of the large elm trees on Pleasant street, located near the High school campus fell across the street, Monday afternoon, bringing down the electric light wires and telephone wires. Luckily no one was injured. A large crew was soon on the spot to repair the damage.

The G. A. R. Veterans from Oxford, who will attend the Encampment at Portland, this week, are A. J. Holden, Geo. H. Knight and J. F. Fuller. Those from the Relief Corps are Mrs. Bitta Curtis, Mrs. Jennie Adams and Mrs. Mabel Greenlaw.

A good audience was present at the Methodist church on Sunday morning. A goodly number of the Oxford High school attended in a body. The baccalaureate sermon by Rev. D. L. Joslin was from the text, "And he went forward a little." The address was an eloquent appeal to the young people of the graduating class to go forward and attain unto the higher things of life, emphasizing the fact of accepting Christ as their Guide and Savior.

Harold Greenlaw and family of Havertill, Mass., have moved into town, the past week, and will occupy the house at the Barker farm on Fore street for some months.

Mrs. Angie Delano and son Norman returned from South Paris, Sunday.

Carl Edwards and family of Bangor are visiting at E. W. Edwards'.

FORE STREET

The sudden death of little Augusta Charles, Thursday, cast a gloom over the entire neighborhood. She has been ill for several weeks, but no one realized the end was so near. She was buried Saturday afternoon with many beautiful flowers from parents, schoolmates and friends.

School in District No. 9 closes June 17 for the summer vacation. Miss Locke has proved herself a very efficient teacher. It is hoped she will return in the Fall.

Beatrice Thompson has been ill and unable to attend school for a few days, but is now convalescent.

The field strawberries are now ripening, also the cultivated ones, but are of inferior quality owing to the dry weather.

Grasshoppers seem to thrive if berries and grass do not. They are plentiful in some localities.

ALBANY

Asa Keniston formerly of Albany, took his son, Glenn, to the C. M. G. Hospital to be operated on for appendicitis. He called on D. A. Cummings and two sisters.

Rev. I. A. Bean of Lewiston was at Albany to see his brother, A. G. Bean, who is quite feeble.

SOUTH HARRISON

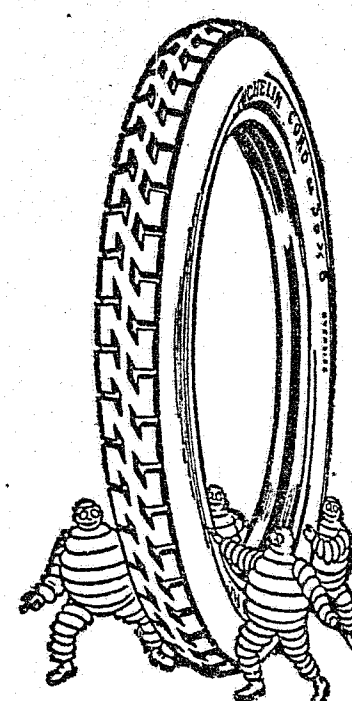

Lakeside Grange met in regular session June 11 with W. M. Arthur Smith in chair. There was a small attendance owing to the inclement weather.

The memorial services were held under the direction of Sisters Emma Spaulding, Louise Briggs, and Cora Witham. There was no literary program owing to the absence of the lecturer. The committee for entertainment for next meeting are Mrs. Myrtle Jewett and Mrs. Gladys Smith. It was voted to have the sisters meet Thursday, June 23, to clean the hall in preparation for Pomona which will meet here June 28. A short social followed the meeting.

People who don't need to lie seem to do most of the lying.

Re-organization of Former Fish and Game Association

In consequence of their deep interest in fish and game conservation, particularly in improving fishing conditions in Crystal Lake and nearby waters, on Saturday, June 4, twenty interested citizens at Harrison met at the I. O. O. F. Club Rooms at 8 p. m. and re-organized the old Fish and Game Association of that town, which organization has not been especially active for the past ten years. Joseph Pitts, an enthusiastic sportsman, was elected president, and F. P. Freeman secretary.

The matter of stocking nearby lakes and streams with trout and salmon was discussed and it was voted to send a truck to the State Hatchery each year for the purpose of obtaining trout and salmon for this purpose.

The organization announced its intention of co-operating with the State Fish and Game Department in every possible way for the betterment of sport in this community. Over 40,000 trout fry have been placed in the brooks in Harrison and vicinity this season, application having been made by Oscar C. Robbins, and upon approval by the Commissioner of the Raymond Hatchery to deliver the fish to the applicant at the hatchery.

A special committee was elected by the Association to look after future stocking of the waters in the vicinity, the members of the committee being Oscar C. Robbins, F. C. Green and Samuel L. Fitts.

ESSEX

Do You Buy A Motor Car "Sight Unseen?"

You see the vital aspect of a car only by the way long, hard service affects it.

Will it become loose and noisy? Grow wasteful of oil and fuel? Lose efficiency? Require replacements, frequent repairs and adjustments?

Or will it remain free of these disabilities?

There is a Simple Way to Tell

Not by a mere salesroom examination. That cannot show the differences which make some cars continue to serve reliably and economically for years. It cannot show superiorities of Mechanical design, nor the painstaking workmanship on details that in all likelihood you will never see.

And even a demonstration tells nothing of how a car will wear in steady service.

But it is easy to find and examine the real proofs:

What have cars of the same make shown over a period of several years?

What is the future expectancy of good service from such cars after twenty or thirty thousand miles?

You have the all-important advantage of being able to ask owners. Make use of it. Find out how the car you are thinking of buying has served other owners. Learn what mileage they get on gasoline, oil and tires. Is the second or the third 10,000 miles more costly than the first? Is it just as satisfactory in performance? Would that owner buy another car of the same make?

Of course there are basic reasons why Essex differs from other light cars—why owners compare it to costly cars.

And we will be glad of an early opportunity to explain the many points of advantage that only costly cars share with Essex.

Why Pick On Your SHOE DEALER

It is a well known fact that tanners and most shoe manufacturers have taken enormous losses. One tanner alone lost \$6,000,000.00 last year. Shoe retailers all over the country are marking down their shoes to replacement cost. Nevertheless, the woods are full of amateur economists WHO CLAIM PRICES OF SHOES WILL SHORTLY RETURN TO PRE-WAR LEVELS, BUT WILL THEY? YES, THEY SURE WILL:—

- When hard coal is back at \$9 per ton;
- When railroad fares are back at 2c per mile;
- When house rent is back at \$10 per month;
- When gasoline is back at 10c per gallon;
- When telephones are back at \$1 per month;
- When a square meal is back at a quarter;
- When farm labor is back at \$25 per month;
- When gas is back at 90c;
- When shaves are back at 10c;
- When the freight from N. Y., now \$1.84, is back at 97c;
- When street car fares are back at a nickel;
- When money is back at 5 per cent;
- When cooks are back at \$5 per week;
- When hair cuts are back at a quarter;
- When movies are back at a nickel;
- When a car-wash is back at a dollar;
- When ice cream is back at a dime;
- When a doctor's call is back at one buck;
- When a newspaper is back at a penny.

For the love of Mike, why expect the manufacturer, wholesaler and retailer of shoes to go the route alone? Aren't we Americans all in on this proposition together? Haven't we got to work it out together? Well, then, haven't the manufacturers, wholesalers and retailers of shoes gone much faster and much farther than the average in reducing prices and making readjustments? WE'LL SAY THEY HAVE. We're ahead—way ahead of the procession. Now let the barbers and the movie houses, and the Standard Oil, and the soft drink parlors, and the landlords, and the hotels and restaurants, and the draymen, and the bankers cut THEIR prices and catch up with the shoe men.

WHAT WILL YOU DO?

What will you do—when the mortgage falls due, if you have not saved the money to meet it? Everybody is under some kind of a mortgage. All of us are mortgaged to old age. The mortgage will "get us," if we don't watch out! Father Time, the sheriff, will surely sell us out, unless we prepare by regular saving, to meet the mortgage of old age.

NORTH PARIS

Andrews-Littlehale
On Tuesday afternoon at 1 p. m. at the home of the bride's parents occurred the marriage of Iona Florence Littlehale and Alfred Duane Andrews, both of North Paris. Sousa's wedding march was played by the Victrola and the ceremony was performed by Rev. H. F. Aldrich, pastor of the Federalist Church. The couple were attended by William H. Littlehale and M. Beatrice Andrews, both of North Paris. Arline Littlehale of North Paris, a niece of the bride, was flower girl, and Emily Littlehale of Durham, N. H., another niece of the bride, was ring bearer. The bride wore a gown of white silk georgette and carried white Scotch roses, the bridesmaid was gowned in blue organdie and carried yellow Scotch roses. The flower girl and ring bearer both wore white.

The home was tastefully decorated, an arch being covered with white daisies and June primroses with a bell made of daisies. The guests included only members of the immediate families, those from out of town being Albert D. Littlehale and daughter Emily of Durham, N. H.

After the ceremony, a reception was given to the families and refreshments were served. The wedding cake and the bride's cake, made by Edith Littlehale were cut. William Littlehale secured the button. Emily Littlehale the thimble. Arline Littlehale the ring, and Beatrice Andrews the penny.

The bride is the daughter of Mr. and Mrs. Adelbert D. Littlehale of North Paris, she was educated at Paris High and Goshorn Normal and has taught in the town of Paris for ten years. She is a member of the Baptist Church, West Paris Grange, I. O. O. F. and Masons. The groom is the son of Mr. and Mrs. Alpheus D. Andrews of North Paris, was educated at Paris High School, his present occupation being farming. He is a member of the Methodist Church, West Paris Grange, I. O. O. F. and Masons.

The happy couple left by auto for parts unknown, the bride's travelling suit was of blue goldstone with hat to match. After July first they will be at home at Mr. Andrews' farm in North Paris. The young couple received many gifts of silver, linen, cut glass, pyrexware and others.
